**1** Log on to online banking. The alarm option is available under „Einstellungen“ -> „Postfach & Benachrichtigungen“ -> „Kontowecker“.

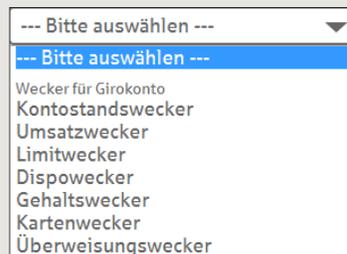

**2** For initial configuration, you must enable the account alarm option. Tap enable (“Zur Freischaltung”).

**3** Use the checkbox to confirm you have read the legal information and documents. Tap enable (“Freischalten”) and confirm activation by entering your TAN.

**4** These account alarms are available:

To configure a new alarm, select an alarm type from the list and click on “+”.

**5a** How to set an account balance alarm: Enter a name for the alarm. Select the account for which you wish to set an alarm and enter a notification period.

Select an existing email address or push notification\* using **Notification to (“Benachrichtigung an”)**. If you wish to create a new recipient address (email or push notification), tap “+”.

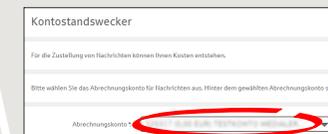

If you have just created the required recipient address or if it already exists, select it from the list and tap **Next (“Weiter”)**.

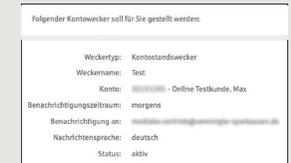

\*Push notification: A message that is sent to you via the Sparkassen app.

**5b** Select an account for the notifications.

**5c** Check the details and activate the account alarm by tapping **Set alarm (“Wecker stellen”)**.
